Good Afternoon Dr. Yong,

The Geosciences faculty reviewed the latest version of BSET curriculum (attached) and we support the proposal. Dr. Hacky, our college rep on UUPC is copied.

Two minor typos:

- EVS 3704 (Environmental Issues in Atmospheric and Earth Science) should be EVR 3704
- GIS 4138C (Geovisualization and GIS) listed twice in the electives

Thanks,

Zhixiao

Dear Dr. Xie,

We have removed the GIS or Geospacial Technology Core from the attached curriculum as suggested by the Geoscience faculty. I hope you can send me a positive response at your earliest convenience.

Thanks,

Yan
