# FLORIDA ATLANTIC UNIVERSITY CHRISTINE E. LYNN COLLEGE OF NURSING COURSE OVERVIEW SEMESTER AND YEAR

**COURSE NUMBER:** 

NUR 4525

**COURSE TITLE:** 

Psychiatric and Mental Health: Nursing Situations Across the

Lifespan

**COURSE FORMAT:** 

Live, Web assist

**CREDIT HOURS:** 

3 credits

**COURSE SCHEDULE:** 

Days of week, times, location, campus, room, CRN

e.g. Thursdays 9-11:50AM, Boca (12549), NU 201

PLACEMENT IN

CURRICULUM:

Required course

PREREQUISITES:

NUR 3065, NUR 3065L, NUR 3115, NUR 3119C, NUR 4125,

NUR 3145

**COREQUISITES:** 

NUR 4525L

**FACULTY:** 

Name and credentials:

Title:

Office Location:

Phone: E-mail

**OFFICE HOURS:** 

Day of week X-X PM

## **COURSE DESCRIPTION:**

Advanced behavioral concepts, caring science and standards of practice are integrated to design person-centered care in psychiatric mental health nursing situations. Principles of communication are presented as a foundation for developing caring relationships. Clinical reasoning and evidence-based practice aid the identification of calls for nursing and nursing responses that nurture wholeness, maximize outcomes and improve quality of life. Legal, ethical, and cultural considerations associated with psychiatric mental health problems are addressed.

**COURSE OBJECTIVES:** Upon completion of NUR 4525L, the student will be able to create caring nursing responses in:

## **Becoming competent**

- 1. Use multiple ways of knowing and systematic inquiry to build a foundation for reflective, evidence-based practice that co-creates a caring environment in mental health nursing situations. (SLO 1, 4, 8; Essentials I, II, III, IX).
- 2. Describe the philosophical bases and principles of comprehensive care to include the interaction of body, mind and spirit, and the caring vs. curing model on nurturing the wholeness of persons in mental health nursing situations. (SLO 2, 3, 4; Essentials I, VII, IX).
- 3. Define the conceptual bases of mental health and mental illness. (SLO 2, 8; Essential III).
- 4. Identify the psycho- cultural-neurophysiological variables relevant to mental health. (SLO 2, 3, 4; Essential I).
- 5. Describe mental health as effective adaptation to life stresses. (SLO 11, 12; Essential VII, VIII).

# **Becoming Compassionate**

- 6. Apply selected health promotion and prevention models, which assist in understanding behavior change across the lifespan. (SLO 3, 11; Essential III, VII).
- 7. Describe the influence of family, group, and community dynamics on an individual's mental health. (SLO 2, 7; Essentials I, VII, IX).
- 8. Design compassionate, person-centered and evidence-based nursing responses that respect patient and family values. (SLO 7, 11, 12; Essential IX).

## **Demonstrating comportment**

- 9. Demonstrate basic skills in verbal, nonverbal, and written therapeutic communication and adapt communication to interviewing, conflict resolution, crisis/emergency situations and mental health assessment. (SLO 3, 4, 10; Essential I, IV, VI, IX).
- 10. Collaborate with patients and interprofessional teams to provide spiritually and culturally appropriate care, including health promotion and disease and injury prevention. (SLO 10, 16, 17; Essentials VI, IX).

## Becoming confident

- 11. Recognize and value the roles, scope of practice, and contribution of self and the various members of the interprofessional team to patient outcomes in psychiatric and mental health nursing situations. (Essentials I, VI, IX).
- 12. Describe the uses of therapeutic milieu in psychiatric-mental health nursing settings. (SLO 3, 8, 12; Essential III, IX).
- 13. Select and integrate appropriate research findings relevant to mental health issues. (SLO 2, 3, 8; Essential III).
- 14. Analyze the impact of healthcare policy on issues of access, equity, affordability, and social justice in psychiatric and mental health care settings. (SLO 14, 15, 18; Essential III).

# Attending to conscience

- 15. Describe person-centered, recovery oriented psychiatric mental health care. (SLO 3, 11, 12, 16; Essential IX).
- 16. Describe the ethical, legal, economic, political and socio-cultural implications of mental health care. (SLO 13, 15, 17, 19; Essential IX).
- 17. Examine personal beliefs and values as they relate to professional practice in psychiatric and mental health nursing situations. (SLO 1, 5; Essential VIII).
- 18. Explain the role of the nurse as advocate for adults, aging populations and families in psychiatric and mental health nursing situations. (SLO 1, 5, 14, 15; Essentials VI, VII, VIII).
- 19. Design strategies to promote a culture of quality and safety for patients and their families in psychiatric and mental health nursing situations across settings. (SLO 2, 3, 13; Essential II).

## Affirming commitment

- 20. Describe the uses of individual, family, group and community-oriented interventions for psychiatric-mental health nursing settings and mentally healthy populations. (SLO 10, 11, 14, 17; Essential III).
- 21. Identify principles and nursing responses addressing the prevention of mental problems in the non-psychiatric patient population. (SLO 2, 3, 11; Essential I, III, VII).
- 22. Demonstrate commitment to nurturing the wholeness of others using reflective, evidence-based practice in psychiatric and mental health nursing situations. (SLO 8, 12, 19; Essential IX).

## **TEACHING LEARNING STRATEGIES:**

Presentations, examinations, quizzes, class discussions, assigned and selected readings, simulations, and case studies.

# **GRADING AND EVALUATION METHODS:**

Quizzes:20 percentMidterm Examination:25 percentPresentation:15 percentParticipation10 percentFinal Examination:25 percentATI Examination:5 percent

**GRADING SCALE**: A grade below C is not passing in the Undergraduate program.

93-100 = A	73-76 = C
90-92 = A-	70-72 = C-
87-89 = B+	67-69 = D+
83-86 = B	63-66 = D
80-82 = B-	60-62 = D-
77-79 = C+	0 - 59 = F

## **REQUIRED TEXTS:**

- Townsend, M. (2012). Psychiatric Mental Health Nursing, 7th ed. Philadelphia: F.A. Davis. (ISBN-13: 978-0-8036-2767-3)
- Williams, C.L. (2007). Therapeutic Interaction in Nursing, 2nd ed., Boston: Jones and Bartlett. (ISBN: 978-0-7637-4550-9)

# **RECOMMENDED TEXTS:**

- Townsend, M.C., Moorhouse, M.F. (2010). Nursing Diagnoses in Psychiatric Nursing: Care Plans and Psychotropic Medications, 8th ed., Philadelphia: F.A. Davis. (ISBN-0803618344 ISBN-13: 9780803618343)

# **TOPICAL OUTLINE:**

- 1. Theories of human behavior
- 2. Theories of psychopathology
- 3. Group/family therapy theories
- 4. Nursing models for psychiatric mental health nursing
- 5. Therapeutic interpersonal communication
- 6. Individual, group and family psychotherapies
- 7. Biopsychiatry
- 8. Psychiatric mental health nursing research
- 9. Psychiatric nursing in a multicultural setting
- 10. Disparities in Mental Health
- 11. Special populations: Adolescents, Adult, Geriatrics
- 12. Abuse Syndrome
- 13. Victimology

### **COURSE ASSIGNMENTS:**

Weekly quizzes- Quizzes will be taken using the Blackboard site as scheduled. Each quiz will consist of 20 multiple choice questions based on assigned readings for that week. You will have several days to take the quiz; therefore there will be no make-up quizzes except in very unusual circumstances.

Presentation- Students will be responsible for a small group 10 minute presentation related to class content. Each student will be assigned a group on Blackboard site and a due date. Students will be expected to collaborate with their group members to create a presentation related to course content scheduled for that week. Presentation content will be cited from assigned readings and/or additional relevant professional journal articles. Points will be deducted for late submission (2 points per day). Creativity is expected in the design of the presentation. Examples for the format of the presentation include: debate, group discussion, role play, skit, or nursing situations. Use of powerpoints and lecturing is discouraged. Grading criteria are posted on Blackboard course site. Presentation grade will consist of 1) score given by faculty using a rubric available on Blackboard (50%) and 2) student self evaluation of their contribution to the group presentation (50%). Students will video record their presentation and submit (email) video recording to faculty by the due date. Students may use their own recording device, for example iPhone. Video-recorded presentations will be posted on Blackboard by faculty, not shown in class. If the group does not have access to a recording device, contact the TA at least 1 week before the due date to discuss other arrangements.

**Examinations-** will cover content as noted in course schedule. The midterm examination will cover all content up to that week and will be taken online using Blackboard course site on the scheduled dates (see course schedule). Since the midterm examination will be available over several days, a make up examination would be available only for very unusual circumstances. The final examination will be taken in person on October 15 during regular class time, will consist of 100 multiple choice questions, and will be cumulative.

Participation- will be based on class attendance calculated from iclicker records.

## **COLLEGE OF NURSING POLICIES**

Policies below may be found in:

- a). The faculty reserves the right to make changes in course content and requirements.
- b). The Christine E. Lynn College of Nursing Undergraduate Handbook located at: <a href="http://nursing.fau.edu/index.php?main=3&nav=526">http://nursing.fau.edu/index.php?main=3&nav=526</a>
- c). Florida Atlantic University's Academic Policies and Regulations <a href="http://www.fau.edu/academic/registrar/catalogRevs/academics.php">http://www.fau.edu/academic/registrar/catalogRevs/academics.php</a> and <a href="http://www.fau.edu/regulations">http://www.fau.edu/regulations</a>

## **CODE OF ACADEMIC INTEGRITY:**

The University policy regarding academic integrity is enforced in this course. Students at Florida Atlantic University are expected to maintain the highest ethical standards. Dishonesty is considered a serious breach of these ethical standards, because it interferes with the University mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see: <a href="http://www.fau.edu/regulations/chapter4/4.001\_Code\_of\_Academic\_Integrity.pdf">http://www.fau.edu/regulations/chapter4/4.001\_Code\_of\_Academic\_Integrity.pdf</a>

The College of Nursing regards adherence to the Code of Academic Integrity as a professional competency and an expectation of all students. **ANY** act of dishonesty that violates the code of academic integrity and misrepresents your efforts or ability is grounds for immediate failure of the course.

### **DISABILITY STATEMENT:**

In compliance with the Americans with Disabilities Act (ADA), students who require special accommodations due to a disability to properly execute coursework must register with the Office for Students with Disabilities (OSD) located in Boca Raton – SU 133 (561-297-3880), in Davie – MOD 1 (954-236-1222), in Jupiter – SR 117 (561-799-8585) or at the Treasure Coast – CO 128 (772-873-3305), and follow all OSD procedures.

## INCOMPLETE POLICY:

The Incomplete Grade Policy is enforced. A student who registers for a course but fails to complete the course requirements, without dropping the course, will normally receive a grade of "F" from the course instructor. A student who is passing a course but has not completed all the required work because of exceptional circumstances may, with the approval of the instructor, temporarily receive a grade of "I" (incomplete). This must be changed to a grade other than "I" within a specified time frame, not to exceed one calendar year from the end of the semester during which the course was taken.

### ATTENDANCE POLICY:

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-approved activities. Examples of University approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances, and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absence and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the final course grade as a direct result of such absence.

## RELIGIOUS ACCOMMODATION:

In accordance with rules of the Florida Board of Education and Florida law, students have the right to reasonable accommodations from the University in order to observe religious practices and beliefs with regard to admissions, registration, class attendance, and the scheduling of examinations and work assignments. Students who wish to be excused from coursework, class activities, or examinations must notify the instructor in advance of their intention to participate in religious observation and request an excused absence. The instructor will provide a reasonable opportunity to make up such excused absences. Any student who feels aggrieved regarding religious accommodations may present a grievance to the director of Equal Opportunity Programs. Any such grievances will follow Florida Atlantic University's established grievance procedure regarding alleged discrimination. USE OF STUDENT COURSE MATERIAL The Christine E. Lynn College of Nursing may use students' course- related materials for legitimate institutional purposes, such as accreditation, university review process, or state board of nursing review process, etc. In such cases, materials will be used within the college and university.

### CHRISTINE E. LYNN COLLEGE OF NURSING

### STATEMENT OF PHILOSOPHY

Nursing is a discipline of knowledge and professional practice grounded in caring. Nursing makes a unique contribution to society by nurturing the wholeness of persons and environment in caring. Caring in nursing is an intentional mutual human process in which the nurse artistically responds with authentic presence to calls from persons to enhance well-being. Nursing occurs in nursing situations: co-created lived experiences in which the caring between nurses and persons enhance well-being. Nursing is both science and art. Nursing science is the evolving body of distinctive nursing knowledge developed through systematic inquiry and research. The art of nursing is the creative use of nursing knowledge in practice. Knowledge development and practice in nursing require the complex integration of multiple patters of knowing. Nurses collaborate and lead interprofessional research and practice to support the health and well-being of persons inextricably connected within a diverse global society.

Persons as participant in the co-created nursing situation, refers to individual, families or communities. Person is unique and irreducible, dynamically interconnected with others and the environment in caring relationships. The nature of being human is to be caring. Humans choose values that give meaning to living and enhance well-being. Well-being is creating and living the meaning of life. Persons are nurtured in their wholeness and well-being through caring relationships.

Beliefs about learning and environments that foster learning are grounded in our view of person, the nature of nursing and nursing knowledge and the mission of the University. Learning involves the lifelong creation of understanding through the integration of knowledge within a context of value and meaning. A supportive environment for learning is a caring environment. A caring environment is one in which all aspects of the person are respected, nurtured and celebrated. The learning environment supports faculty-student relationships that honor and value the contributions of all and the shared learning and growth.

The above fundamental beliefs concerning Nursing, Person and Learning express our values and guides the actions of Faculty as they pursue the missions of teaching, research/scholarship and service shared by the Christine E. Lynn College of Nursing and Florida Atlantic University.
