Dr. Graves

I've reviewed the materials and syllabus for PET 4125, *Obesity: Biological, Psychological, and Cultural Factors*. This course does not overlap or conflict with the courses or curriculum in the ESE Department. Good luck with it!

Dear Dr. Graves,

I have reviewed the new course proposal from your department. I do not see any conflicts or duplication with the CSD curriculum. Consequently, I have no problem approving the request to add this new course to your curriculum.
