RE: Additional Undergraduate Honors Program Proposals

DATE: March 16, 2012

In addition to the other items I sent you, I am now forwarding you proposals for new honors programs in Geography, English, and Political Science, all of which are being submitted with the endorsement of the University Honors Council.

Please let me know when these items will be on the agenda so that, if at all possible, I can attend along with representatives from these programs to answer questions about the proposals.

To summarize the work of the last several weeks, the following items from the University Honors Council should be on your agenda for the next meeting:

1. The revised structure and mission of the University Honors Council.
2. New program proposals in:
 - a. Exceptional Student Education.
 - b. Accounting.
 - c. Geography.
 - d. English.
 - e. Political Science.
3. The revised program proposal from the College of Engineering and Computer Science.
