

VETERANS OWLS CLUB

ESTABLISHED

Established Spring 2010, Veterans Owls is dedicated to helping fellow collegiate veterans & dependents in their transition from military to college life by providing a support system and opportunities to participate in special events. The club is not politically affiliated. We welcome all Military, Veterans, Dependents, ROTC, and patriotic students.

OUR MISSION

The mission and purpose of the Veterans Owls at Florida Atlantic University is to provide support and assistance to veterans and dependents students who are making a transition into the academic community. The club will consist of students who are committed to working with the administration of Florida Atlantic University and the Office of Military and Veterans Student Success Center. They will promote a welcoming environment to include providing a forum in which may foster camaraderie and friendship as well as support through academic careers, assist with financial aid and housing resources, and other educational and career preparation services.

Please request to join the Veterans Owls Student Organization Club Group at:
