3. To access the save file, go to forms.fau.edu and click “Form Designers Access Live Forms”

Forms

The Office of Information Technology offers the Frevvo form service to select users at the University. Once training you may use Frevvo to create and manage forms that collect information, generate PDF's and much more.

Form Designers Access Live Forms

Wrap a form in the FAU theme

The FAU theme wrapper is a convenient and useful method of deploying Frevvo forms. Developers may utilize the theme tool to provide a clean FAU based look and feel and well as secure, authenticated access to forms.

Request to become a Form Designer

All users may use public and internal forms however form designing is restricted to approved users who have attended Frevvo Live form Training. Please use the following form to request access.

Frevvo Training Documents

[Frevvo 101](#)

[Frevvo Manual](#)

4. Sign in with your full FAU email ([username@fau.edu](#)) and password
5. On the left panel menu, click “My Tasks” and the latest saved version of your form progress will be found here.

* Please note that submitting your form will erase your saved form. Therefore, please be sure **ALL** appropriate attachments have been added before submission.*
